

THE GLOBAL CHINESE LANGUAGE

The Internet is global, and so is the Chinese population. There are approximately 1.35 billion people living in China's mainland, and 50 million ethnic Chinese people living outside of China. Reach the world's largest population in their native language.

TOP 20 CHINATOWNS

KNOW THE FACTS

1.35 BILLION

Chinese people comprise almost one-quarter of all humanity.

50 MILLION

Ethnic Chinese live outside of China's mainland, comprising the world's largest ethnic population.

1.39 BILLION

Consumers read, write and speak Chinese. Using fully-Chinese domain names is a powerful and inexpensive way to reach 22.4% of the world.

Domain names under our .在线 (Dot Chinese Online) and .中文网 (Dot Chinese Website) TLDs are culturally relevant, linguistically correct, and are the biggest selling non-English "new gTLD" domain names in the world!
